Scuba Sam's Social Adventures

A social skills program designed especially
for 4-7 year olds

Kids just love it!

Scuba Sam's Social Adventure Program aims to improve your child's social interactions with both peers and adults.

It is facilitated in small play-based groups, where children learn and practice a range of social skills. Home practice adventures will be given between sessions to help generalise skills at home and school.

Children attend 6 x 1 hour weekly sessions facilitated during the school term.

If you would like to register your child in the program please contact the team at YoungMinds.

Phone 3857 0074
